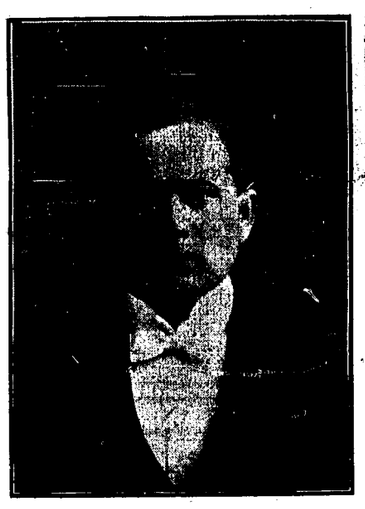
DEMOCRATIC CONVENTION

A Strong Ticket and a Ringing Platform. Theo. Bell Endorsed

The Democratic County Convention of Mendocino County met at Marks' Hall in this city last Thursday at 10 o'clock. J. E. Pemberton, chairman of the county committee, called the convention to order and made a short and happily worded speech. On motion of J. C. Ruddock, Supervisor J. C. Lane was unaniously elected temporary chairman. J. H. Carothers was then placed in nomination for temporary secretary, but declined on account of other business. W. A. Ford, of Ukiah precinct, was then elected to that position. J. E. Pemberton moved that the chairman appoint three committees of three members each, to-wit: On credentials, platform and resolutions and order of business and permanent organization. A recess of five minutes was taken to enable the chairman to perform this duty.



M. L. Gibson, 2nd Dist.

On coming to order the chair announced the committees as follows:

Credentials—J. H. Carothers, E. C. Foushee and Chas. Hurt.

Platform—J. B. Sanford, J. C. Ruddock and W. Parsons.

Permanent Organization — J. E. Pemberton, C. Oppenlander and W. M. Peery.

The convention then adjourned until 1 o'clock p. m.

On reconvening the committees handed in their reports, which were adopted.

Following is the platform adopted:

To the Chairman and Members of the Democratic County Convention, of Mendocino County:

GENTLEMEN: We, your Committee on Platform and Resolutions, beg leave to report as follows:

WHEREAS: It is the province of National Conventions to adopt and put forth National platforms, and

WHEREAS: The Democratic National Convention will soon meet in St. Louis for that purpose; we deem it unnecessary for this Convention to undertake to deal in detail at this time, with National questions, except to say that under Republican domination, the Declaration of Independence is being deliberately trodden under foot; the Constitution is being disregarded, and openly violated; the liberties of the people are being gradually and insidiously undermined, and we are already under an Imperialistic government, and we are convinced that unless a return to Democratic principles is had, we cannot much longer claim even to be a free republic.

We renew our faith in the doctrines of the Democratic party, and pledge our loyalty to Democratic methods as enunciated by Thomas Jefferson,

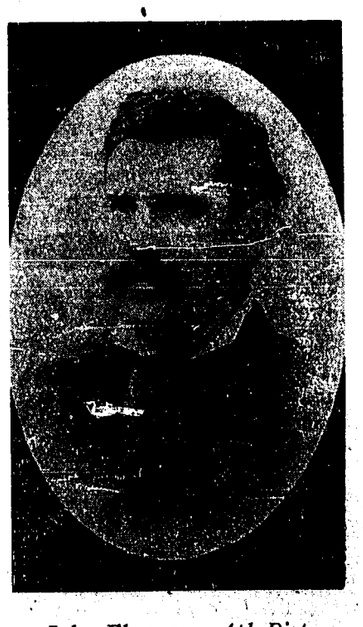
D. H. Lawson, 1st Dist.

and as declared by the national conventions of the Democratic party.

1. We are in favor of the pasage by Congress of a law providing for a national income tax, and favor the election of United States Senators by a direct vote of the people.

2. We are opposed to all combinations and trusts that tend to oppress the laboring, producing and industrial classes, and as a remedy against them, we favor the removal of the tariff from all trust made articles.

3. We approve in the highest degree the course pursued by Hon. Theodore A. Bell, our able representative in Congress, in the performance of his duties at Washington, in the interest of his district and of the whole State. He has more than met our most sanguine hopes; has been honest, untiring and efficient in his work, and has been faithful and fair to all. We commend his efforts to open up to settlement by homesteaders the relinquished Indian lands of Round Valley, as well as his excellent work in many other directions, and we pledge him the active, energetic, vigorous



John Flanagan, 4th Dist.

and united support of the Democrats of this county, for re-election.

We hereby endorse and ratify the course of J. B. Sanford, our present Senator for this the Fourth Senatorial District, the man whose good judgment, sound Democracy and personal popularity made him the Chairman of the Democratic Caucus of the last Legislature and brot into being some of the most wholesome legislation the State of California now possesses and also resulted in his being selected as national delegate to the Democratic Convention soon to assemble in St. Louis.

We cheerfully commend and endorse the course pursued by F. M. Weger, the present Assemblyman from this the 6th Assembly district. He is an able, active and fearless representative of the people and enjoys the confidence of the Democratic party.

4. We believe that although [illegible] is entitled to honest [illegible] for honest work [illegible] entitled to the same rights and privileges as the person or corporation for whom he toils.

That as between the laborer and his employer, neither can prosper well without the other—that they are inter-dependent and the relations between them should be managed and adjusted in accordance with the Jeffersonian doctrine of "Equal rights to all, and special privileges to none."

5. We recommend the adoption of the Sanford Constitutional Amendment, to be submitted to the voters at the coming election, providing for the extension of the legislative term to 80 days and cutting off an army of useless attaches, thereby saving the State over $600 per day during session.

6. We favor exemption from taxation to the amount of $250 of those articles of personal property which are now under the [illegible] exemption law.

THE WORLD'S FAIR TRIP

Dispatch Contestants Will Go on Special Train With Democratic Delegates

THE DISPATCH'S World's Fair candidates will leave San Francisco for St. Louis on Tuesday morning, June 28th, on the special train that is to carry the Democratic delegates to the National Convention. The train is an elegant special composed of observation cars, composite cars, smoker, dinner and Pullman sleepers. In addition to this there will be two cars filled with fruits, wines, etc. The cars will be gaily decorated and each person will be well supplied with silk flags, badges, etc.

The train will stop at Reno and take on the Nevada delegation and at Ogden the Utah delegates will join the party. At Cheyenne, the Wyoming, Montana, Idaho, Oregon and Washington delegates will attach their cars to the train. From Cheyenne the trip will be continued to Denver, where the Colorado, New Mexico and Arizona delegations will be in waiting to join in with the party. From Denver to Kansas City will be made over the Santa Fe line, and the remainder of the trip will be over the Burlington. It will be one of the best trips ever made across the continent and the young people will be shown every courtesy and given an opportunity to meet the delegates from the various States.

The California delegation has secured elegant headquarters at the Jefferson hotel, where they will keep "open house" by showing the Easterners what California hospitality means. THE DISPATCH party will visit all the Presidential candidates headquarters and be given an opportunity to greet the next President.

The party will stay in St. Louis from 15 to 20 days when the return trip will be made across the continent. Everything that is worth seeing will be seen. Nothing will be overlooked that will add to the pleasure of the trip. The international athletic contests will take place while the party is in St. Louis and those desiring to attend the contest and hurrah for California will be given the opportunity.

THE DISPATCH is going to give the young people more than it promised them. That will be pleasing to all.

A feature of the trip will be the Democratic National Convention. Seats have been reserved for the young people where they can see and hear everything that goes on.

The special train leaves San Francisco Tuesday morning, June 28th.

any adequate benefits to the people.

We therefore pledge the nominees of this convention for Supervisors to use every possible effort tending toward a material reduction in taxation.

The question of good roads, and safe bridges, being one of the most important in this county, we believe that advancement should be made in this direction, at once. The old system of annual temporary repairs to roads has been a constant source of repeated great expense, annually, with the result that the roads never grow better. We therefore recommend that in each Supervisorial district, some permanent roadways should be constructed every year, until all our principal highways shall be of a substantial and permanent character. The patchwork system has proven insufficient to meet the requirements of the time.

We pledge our Supervisorial nominees to a careful and economical administration of the county finances. We believe that a Board of Supervisors should hold themselves as trustees for the county, and should conduct county affairs with the same care that a conservative banker or business man would bestow upon his own business.

We recommend to the Democracy of Mendocino county, the continued cultivation of that spirit of harmony which will surely bring success, and guarantee united support to our nominees and thus insure good government.

Under nominations the following nominations were made by acclamation:

Sued by His Doctor

"A doctor here has sued me for $12.50. which I claimed was excessive for a case of cholera morbus," says R. White, of Coachella, Cal. "At the trial he praised his medical skill and medicine. I asked him if it was not Chamberlain's Colic, Cholera and Diarrhœa Remedy he used as I had good reason to believe it was, and he would not say under oath that it was not." No doctor could use a better remedy than this; in a case of cholera morbus, it never fails. Sold by Mathews Drug Co.

The Commoner.

(Mr. Bryan's Paper.)

The Commoner has attained within six months from date of the first issue a circulation of 100,000 copies, a record probably never equaled in the history of American periodical literature. The unparalleled growth of this paper demonstrates that there is room in the newspaper field for a national paper devoted to the discussion of political, economic and social problems. To the columns of The Commoner Mr. Bryan contributes his best efforts; and his review of political events as they arise from time to time can not fail to interest those who study public questions.

The Commoner's regular subscription price is $1.00 per year. We have arranged with Mr. Bryan whereby we can furnish his paper and THE DISPATCH together for one year for $3.25. The regular subscription price of the two papers when subcribed for separately is $3.50.

Mrs. James A. Garfield, widow of the late President, is ill and has been removed from her home in Pasadena to Carpenteria.

Mr. Babcock is a well known citizen of North Plain, Conn. There is nothing equal to Pain Balm for sprains and bruises. It will effect a cure in one-third the time required by any other treatment. What Has Happened This Week in the Fog Belt

PT. ARENA GULLINGS.

From The Record.

P. Heney, the chef for the Hot Springs Hotel, arrived Sunday on the Point Arena.

The Cazadero stage has taken its summer time schedule and now arrives at 7 a. m.

Mrs. Albert Hunt has gone to visit her son who is at Fort Bragg. She will also be a guest of her sister, Mrs. Beggs, who lives at that place.

Dave Hoag, for many years a resident of Point Arena and an assistant in the Record office, departed for Point Richmond this week where he expects to reside with his daughter.

In the enthusiasm over the celebration of the Fourth we should not forget that important matter of oiling Main street. Ukiah and other parts of the country are waiting to note the result.

A 150-light acetylene gas machine will be installed at Point Arena Hot Springs next week. Mr. McCornack proposes to illuminate the place in a most liberal manner. Neil McCallum will have charge of the work of installing the plant.

Mr. and Mrs. D. S. Quimby, after a residence in Point Arena extending over a period of thirty-four years, left by steamer Monday for San Francisco. They expect to make their future home in Oakland. They leave a host of friends behind who wish them success and happiness wherever fate may cast their lot.

A meeting was held in I. O. O. F. hall last Friday evening for the purpose of organizing a debating society. The following officers were elected: A. Carter, president; J. W. Patton, vice-president; Mrs. J. W. Patton, second vice-president; W. H. Iversen, secretary; Miss Minnie Haskell, treasurer; H. Howe, sergeant-at-arms.

S. M. Cuthbertson, of Manchester, has won the prize offered by the International Correspondence school for the agent who secured the greatest volume of business for that institution in a given time. The contest was a hot one, the prize being a free trip to the St. Louis Exposition, but Mr. Cuthbertson walked away with the laurels.

We are pleased to chronicle the convalescence and almost complete recovery of Mrs. Ollie McNeil's baby. It was reported that the infant had contracted scarlet fever. The fever existed only in the diseased imagination of some thoughtless, not to say very uncharitable, person. Point Arena would be far more progressive minus these rumor scavengers.

Triumphs of Modern Surgery

Wonderful things are done for the human body by surgery. Organs are taken out and scraped and polished and put back, or they may be removed entirely; bones are spliced; pipes take the place of diseased sections of veins; antiseptic dressings are applied to wounds, bruises, burns and like injuries before inflammation sets in, which causes them to heal without maturation and in one-third the time required by the old treatment. Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering which such injuries entail. For sale by Mathews Drug Co.

Driven to Desperation

Living at an out of the way place, remote from civilization, a family is often driven to desperation in case of accident, resulting in burns, cuts, wounds, ulcers, etc. Lay in a supply of Bucklen's Arnica Salve. It's the best on earth. 25c at Mathews Drug Co.

United States Senator Quay of Pennsylvania died last week, of chronic gastritis.

MENDOCINO PICK-UPS.

From the Beacon.

Joseph Corey has leased his ranch down the coast and is selling off his stock, with the intention of moving to Oakland.

A son was born to Mr. and Mrs. Jack Cummings at Fort Bragg on Thursday of last week, and a son was born to Mrs. C. Ganter on Wednesday.

Mr. and Mrs. J. K. Skiffington left for the World's Fair at St. Louis the first of the week. They go via the Santa Fe route and will make a visit to their old home in Canada before returning.

Mrs. Hansen and daughter Mrs. Charles Oppenlander with Mr. Oppenlander came in from the Half Way House and observed Decoration Day at Mendocino on Monday. They visited at Fort Bragg on Tuesday.

J. J. Schlaberg was up from Elk Monday. He recently sold his ranch which lies just south of Greenwood, to Walsh Bros, receiving therefor between $6000 and $7000. Mr. Schlaberg is an old coaster and will now probably buy him a little home at Elk and there spend his remaining years.

The accident that happened at Del Mar last week in which the gashouse was blown up and five men injured, was caused by a lantern. Albert Gregory writes to his mother that he was present at the time of the explosion but escaped unhurt. The two mill bosses were pretty badly burned. Albert is now temporarily mill boss and filer.

There was a dash of excitement at Perkins' camp last Monday which livened things up for awhile. Dave Lance was seen to run wildly up a street shouting "I am poisoned, I am dying!" Mrs. Stauer and Henry grabbed the man and administered a good strong emetic which caused Dave to throw up the sugar of lead that he had taken, as he said, for beer. The experience sobered him up and ought to cure him of the liquor habit.

FROM FORT BRAGG.

From the Advocate.)

On May 21st near Fish Rock, a daughter was born to the wife of J. Williams.

On May 22nd Rev. W. S. Lowry married Robert C. McClintock and Gertrude E. Crockett.

The mill company at Wages Creek has purchased the machinery of the old mill at Littleriver.

The Fourth of July Committee report having raised about $700 for the celebration. After several attempts to get together, the Executive Committee finally met Sunday evening and apportioned the funds.

At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered." Three Physicians Treated Him Without Success

W. L. Yancy, Paducah, Ky., writes: "I had a severe case of kidney disease and three of the best physicians in Kentucky treated me without success. I then took Foley's Kidney Cure. The first bottle gave immediate relief, and three bottles cured me permanently. I gladly recommend this wonderful remedy."—Sold by E. B. Gibson.

WHO KNOWS

When His Kidney Trouble Has Fastened and Reached the Chronic Stage? If It Has It is Incurable by Anything Known Except the Fulton Compounds. We Are The Sole Agents.

As an evidence of the unusual character of the Fulton Compounds that company does not publish or invite testimonials except those reporting recoveries in kidney diseases that have reached the chronic stage, alleged to be incurable. Here is another recovery in a case incurable till the advent of the Fulton Compounds, reported by Johns & Johnson, the agents of the Fulton Compounds in Los Gatos:

W. H. Fridley, a resident of Los Gatos, having chronic kidney disease (Bright's Disease) had, like everybody else, found all treatment futile. He commenced on Fulton's Renal Compound in February, 1902, and on December 10 of the same year reported the total disappearance of the disease. He writes that he has gained fifteen pounds in weight and is again able to do a good hard day's work. Johns & Johnson, the Los Gatos druggists, confirm this recovery and know of several other recoveries in similar cases of chronic kidney disease in Los Gatos, all of which were incurable by anything else known to druggists. S. A. Palmer, the leading druggist of Santa Cruz, H. H. Maynard, the Petaluma druggist, the Ferry Drug Company of No. 8 Market street, San Francisco, W. R. Pond, the Berkeley druggist, Dr. Markley, the Cloverdale druggist, Willis & Martin, the Sacramento druggists, and scores of other California druggists all report specific recoveries in chronic kidney diseases that were positively incurable by anything known except the Fulton Compounds.

Dropsy, rheumatism from uric acid, gout and bladder troubles are proofs that the kidneys are not performing their functions. The chronic stage of kidney trouble is Bright's Disease. If you feel languid or miserable, if your kidney trouble hangs on send for Pamphlet. Percentage of recoveries nearly 90 per cent among purely chronic cases. Fulton's Renal Compound for Bright's and Kidney Diseases, $1; for Diabetes, $1.50. Johns & Fulton Co., 402 Washington street, San Francisco, sole compounders. Free analysis for patients. We are the sole agents for the Fulton Compounds in this city.

It is a plain proposition we buy goods direct from the Eastern mills and factories and save you the middlemen's profits.

County Sunday School Convention

The County Sunday School Convention met this week in Ukiah, at the M. E. Church, South. The first session was held Monday evening and a full house evidenced the interest being taken in Sunday school work. All Protestant denominations in the county were represented in the convention. L. K. Van Allen was president. After a song by the choir and congregation, J. L. McNab was introduced and delivered the address of welcome to the delegates and visitors. The address was in a vein of pleasantry and was received with applause. Dr. Rob Thomas then gave a beautiful tenor solo, after which Mr. Chas. R. Fisher, the State Sunday School Secretary, was introduced to deliver the main address of the evening. Mr. Fisher is a pleasant speaker, earnest, energetic and practical in his style. He dwelt at some length on the value of childhood, the value of Bible study and the value of the Sunday-school.

In the Tuesday morning session, after religious services, Rev. Wilkinson of Ukiah took the stand and spoke on "How to prepare and teach the lesson." His remarks were practical and showed a close study of the subject, coupled with experience. This was followed by general discussion of the subject, asking and answering of questions, etc. The discussion was most intertsting, and showed that men and women are thinking, and trying to advance along these lines.

The Tuesday morning session was taken up principally with a blackboard talk by Secretary Fisher on the history and uses of the Sunday-school.

At the evening and concluding session Rev. Mr. Beatty of San Francisco gave a very interesting lecture on how to train children, based on the Bible injunction to "train up a child in the way he should go." His talk was much enjoyed, the known fact that he himself was a bachelor adding much to the zest of the occasion.

Only One Bid on Covelo Bonds

When the time came for opening bids for Covelo Union High school bonds, only one bid was found to have been filed, and that was for less than par, and could not be accepted. The trouble was that the rate of interest was too low to tempt investors. We understand that the work will have to be all done over again, a new election called to vote on issuing bonds which inveseors will be willing to bny. The district can well afford to pay a rate even as high as 6 per cent to build a schoolhouse. And if it is decided to hold another election, we would suggest that the issue be made $8000 instead of $6000 as before. The cost of building is greater at Covelo than in Ukiah or the coast towns on account of the expensive freight. With less than $8000 a honse cannot be properly completed which will meet future requirements. If the people in the northern part of the county desire a high school building—and they ought to desire it—they ought to have a good one to start with, and the difference in the annual tax will be so small as hardly to be noticed by the taxpayers.

Many a child has been fooled by the story of the pot of gold which is to be found just at the foot of the rainbow, and has started out to gather riches full of happy dreams.

Many a man and woman have been deceived by the tale that there was health to be found out beyond the sunset, and they have started out dreaming of a healthful future, never to be realized.

People who have tried change of climate in vain for the cure of weak lungs have been perfectly and permanently cured by use of Dr. Pierce's Golden Medical Discovery. It cures deep-seated coughs, bronchitis, bleeding lungs, emaciation, and other conditions which, if neglected or unskillfully treated, find a fatal end in consumption.

"Last spring I had a severe attack of pneumonia which left me with a very bad cough, as I also had my lungs in a very bad condition," writes John M. Russell, Esq., of Brent, Cherokee Nat., Ind. Ty. "I had no appetite and was so weak I could scarcely walk. My breast was all sore with running sores. I got two bottles of Dr. Pierce's Golden Medical Discovery, which I believe saved my life. I cannot express my gratitude to you. I am able now to do very good work."

Any substitute offered as "just as good" as "Golden Medical Discovery" is a shadow of that medicine. There are cures behind every claim made for the "Discovery," which no "just as good" medicine can show.

The People's Common Sense Medical Adviser, a book containing 1008 pages, is given away. Send 21 one-cent stamps for expense of mailing only, for the book in paper covers, or 31 stamps for the volume bound in cloth. Address Dr. R. V. Pierce, Buffalo, N. Y.

Songs and "Cream" and Pieces

Saturday evening, June 4th, beheld an appreciating and interested audience assembled at the Mill Creek School at Talmage. The event was an entertainment given by Miss Irene Hildreth, who, as an instructress of elocution, has achieved much success in developing and exhibiting the powers of her young girl and boy pupils. Interspersed with a song here and there, a recitation at intervals, and two or three well-chosen dialogues, the program could not but please those present, who clapped vigorously after each selection. All enjoyed the pleasure thus given them "gratis" by the young teacher and pupils, whose attempts for success were not at all futile, but, on the contrary, deserving of much praise. After partaking of ice-cream and cake served under the trees on the school grounds, all felt that they had been pleasurably amused and departed, with the hopes that they could attend another such "evening" in the near future.

The Democratic Primaries

The Democratic primaries to elect delegates to the county convention which met yesterday were held Saturday. In the Second Supervisor district the contest was quite lively. The two candidates for supervisor agreed to fight it out in the primaries, and the scramble for votes was not slow. The result showed a very close race. M. L. Gibson won out over C. P. Smith by a margin entirely too narrow to be comfortable to either candidate, Gibson securing 21 delegates in a total of 40. Smith carried the following precincts by the majorities given: Calpella, —; Upper Potter, —; Lower Potter, —; Cold Creek,—; Hot Springs,—; and Ukiah No. 2, —.

Gibson carried Ukiah by 19, Ukiah No. 1 by 3, River by 3 and Low Gap by —.

In the Fourth district John Flanagan secured a majority of the delegates, and is now the nominee.

In the First and Third districts there was no contest over supervisors and H. D. Rowe and D. H. Lawson are the nominees.

Real Estate Sold

Poage & Woodward report that during the past week they have sold the city property of Mrs. M. J. Elledge, consisting of about four acres and the improvements on the same, to Hugh Bradley, who has recently arrived here from San Diego county. The price was $2000, and Mr. Bradley will take possession in the course of a few months, after he shall have completed a camping trip he has arranged for.

They also report the sale of 160 acres of land for a summer home on Eel river, near the John Day's resort. This was purchased by P. J. Stuparich, who is the president of the Stuparich Manufacturing Company of San Francisco, from A. H. Cochran. Mr. Stuparich is making preparations to at once build him a beautiful summer home on this place to use for his family and friends during their vacations.

We are glad to see people of this character putting their money into our county and hope the good work will be continued.

It is important that all the committee should be present.

Hops in California

A Sacramento hopgrower who has been looking over the situation reports that the crop thruout the state this year will be short, and that in Sacramento county especially so. He says that the crop below Sacramento and in Yolo county will be a total failure, a result of the north winds and early floods. According to his estimate the crop in California will be 10,000 bales short of what it was last year.

An advertised bull-fight, just outside one of the entrances to the World's Fair at St. Louis, did not come off last Saturday as per schedule. The sheriff arrested the manager and the toreadors, the mob of 6000 wrecked the arena, turned the six bulls out on the commons and everything combustible was burned. The manager ordered the sheriff out of the arena. He went, but took the manager and toreadors with him.

Mrs. Samuel M. Clemens, the wife of the great humorist and author, died suddenly in Italy last Sunday. She was conversing cheerfully with her husband only half an hour before her death. Mrs. Clemens' maiden name was Olivia L. Langdon and she was married in 1870. The remains will be sent to the United States for interment.

It is not certain that the estate of Mrs. Cora Floyd-Gopcevic, which is now in course of probate in Lake county, will all be distributed to her surviving husband, Milos Mitro Gopcevic. Chief Justice Beatty of the Supreme Court has issued an order prohibiting Judge M. S. Sayre of Lake from proceeding with the distribution.

John R. McLean of Ohio is announced as an active candidate for the Democratic Vice-Presidential nomination. Mr. McLean is the owner of the Cincinnatti Enquirer and a man of large wealth.

Good Work in the Fifth.

NAVARRO, June 5th, 1904.

The Fifth road district, that was deemed so unfortunate last winter in the county papers in regard to its county roads, has finally come to a good point. It was due to the fact that, funds being short, Mr. Lane, our supervisor, had the interest of his district too much in mind to carry her more into the toils of debt, therefore no work could be done on the roads as money must come in return for labor. The narrow-minded kickers or knockers as they might be classed, represented in the county papers as "Taxpayer" and "Voter," etc., gave both Lane and our roadmaster, Wm. Walsh, knocks every week about things that could not be avoided, as formerly stated. But nevertheless Lane thought it safe and wise to do something as soon as the weather settled. Wm. Walsh has been on the Navarro grades for the past two weeks with a scraper, six horses and four men, and, at the present writing, have done excellent work. Navarro grades never felt a scraper before, and it is due to Wm. Walsh that such good results have been accomplished. The grades can now be pointed out to the district as a fine piece of work, and those who have knocked so hard at Walsh and Lane had better take a ride over it now in a springless carriage, it being so smooth they would think they were riding in an automobile. When Walsh goes to do a thing he makes a success of it as will be seen on our grades. We hope to see Mr. Lane reelected at the end of his term as we are sure of good roads while he is in the chair and Walsh handling the ribbons.

Delinquent Personal Property Tax.

The following persons are hereby notified that their personal property tax in the amount set opposite each name is due to the County of Mendocino and is now delinquent: The amount of this tax is the difference between the amount collected by the Assessor on personal property where the taxes were not secured by lien on real estate and the amount found to be due according to the tax rate for the past fiscal year ending June 30, 1903. Such difference also arises in part by reason of the fact that the State Board of Equalization raised the value of the property of Mendocino County 15 per cent:

Didn't Know Alice Roosevelt

A dispatch from St. Louis says: Miss Alice Roosevelt's passport to the World's Fair was unavailing this afternoon, because she came to the exposition in a phaeton instead of an automobile as the gate-keeper had expected. The admissions department issued orders to the gate inspector to accept the announcement of the driver "Miss Roosevelt in automobile," as carte blanche for herself and party.

She came in a phaeton and the astute man on guard refused to admit her party free because his instructions were for an automobile. Geo. D. Markham, Miss Roosevelt's escort, relieved the situation by buying tickets.

Miss Roosevelt smiled merrily at the situation as Markham paid and they drove inside to await the arrival of the balance of the party in three automobiles. Because "Miss Roosevelt in a phaeton" was outside of his official jurisdiction, the gateman compelled the remainder of the party to pay, and Markham did the honors for them again as in the case of Miss Roosevelt.

Asthma Sufferers Should Know This

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty cent bottle entirely cured me of asthma which had been growing on me for twelve years, and if I had taken it at the start I would have been saved years of suffering." A Blush Scientifically Defined

Not long since we were asked to give a scientific definition of the word "blush." We have made an effort from an anatomical and physiological point of view to give the definition. A blush is a temporary erythema and calorific effulgence of the physiogomy, actiologized by one's perceptiveness of the sensorium when in a predicament of unequilibrity from a sense of shame, anger or other cause, ventuating in a paresis of the vasomotor filaments of the facial capilaries, whereby being divested of their elasticity, they are suffused with a radiance effemenating from an intimidated praecordia. Marriage is Not a Failure

Dorothy Dix, the widely known space writer of the facile pen, undertook to tell us in last Saturday's Bulletin, "why marriage is a failure." And she makes out a fairly good case against some individual married folks, but no case at all against marriage as an institution. It is easy to write flippantly about marriage. and the alleged failures connected therewith, and while such penny-a-line stuff is found in some quarters to be readable, it is most harmful in teaching false views of life and of a sacred institution. Marriage is not a failure. Some people are failures. Some husbands and some wives are miserable failures as such. But the same may with equal truth be said of all things connected with humanity. Some school teachers are failures, but education is not to be abolished on that account. Individual lawyers, preachers and doctors are failures, but law, the gospel and materia medica must survive. The most skilled and industrious farmer sometimes loses a crop on account of the destructive force of the raging elements, but farming is a most beneficent industry and must go on while time endures. If marriage is a failure, then civilization is a huge failure and the quicker we get back to primitive barbarism the better.

Dorothy Dix says: "the majority of marriages are rank failures so far as bringing any real happiness to either party is concerned." We wonder what, in Dorothy's philosophy of human life, may constitute "real happiness." Is it a perpetual holding of hands between the male and the female and a breathing into each others ears of pretty nothings? Is it a continual exaltation of spirit, with all the characteristics of the honeymoon of hymeneal love? We trow not. That would be to be gulping down a draught which, in time, would become as insipid as stale water sweetened with glucose.

But what Dorothy seems to consider real happiness, is what she calls "genuine comradeship." Well, thruout the length and breadth of the land, there is as true comradeship in the marriage state as human nature is capable of exercising. The fact that a married man likes to go down town, or go fishing, or go on a short vacation occasionally without his wife, by no means proves that he does not love his wife, or that he would not rather be with her than with any one on earth. But the human mind has many wants and these are to be variously supplied. The true wife does not want to be constantly hanging on to her husband's arm.

The vast majority of marriages are happy ones. The sea of conjugal felicity may grow a little choppy now and then, but the calm supervenes and serenity resumes its sway. It is true that selfishness is one of mankind's predominating characteristics, and this makes trouble in the home, but in no other condition of life is selfishness so much subdued and kept under control as in the marriage state.

Our Impoverished State University

A San Francisco correspondent of an interior paper says the Regents of the State University are disconsolate over the withdrawal of the benefactions of Mrs. Poœbe Hearst from that institution. One of the Regents is reported to have said:

"We have put our University on such a high plane, and the competition of Stanford has been so great, that it will do us an immense harm if we cannot find some one to take Mrs. Hearst's place. Stanford will be in so much better shape that we will lose all our scholars to that institution, and it will never do for the State institution to lag behind a private school."

Now, wouldn't that be a terrible calamity to the taxpayers of the State. Here we are about to be left to worry along with an empty State University on our hands, having a paltry annual income of only $300,000 besides donations, and all because a benevolent lady refuses longer to donate $100,000 to the assistance of the institution. The taxpayers ought at once to rise up as one man, and demand that the State University tax be increased largely, lest the Berkeley students at once, and, in a body, make a mad rush for Stanford. The crisis is upon our University. Something must be done and that quickly. That $300,000 a year must be supplemented by $100,000 in some way, or direful will be the results.

UNLESS the next Legislature of California should happen to be Democratic on joint ballot, the chances are ninety-nine to one that the beet-sugar industry will be elected to the United States Senate. Senator Bard wants to be re-elected, and Bard, while in some respects a very nice gentleman, is simply beet sugar. A little ability in the line of statesmanship would improve the flavor of beet sugar, and Mr. Bard has never been accused of any leaning toward statesmanship. And with Henry Oxnard, who seems to be the alternative, it is still worse. Oxnard is the Sugar Beet King, and there is no pretence that he has any other recommendation for Senatorial honors. He has money, made in sugar beets, and if he has any other qualification for Senator, he has kept it hidden from the people. Of the pair of sugar beets we prefer the variety labeled Bard. But oh! for the honor of our noble State, we would be glad to see the seat once honored by Stephen M. White, filled by a man in whom may be found at least some of the elements of true greatness. We see no way of escaping the infliction of one or the other of this saccharine pair, except by electing a Democratic Legislature.

Memorial Day Oratory

In his "Private Thinks" in last Saturday's Sacramento Bee, its editor, C. K. McClatchy, than whom there is no more forceful or honest writer in the State, gives u about two columns on the subject of the Memorial Day oratory of recent years, from which we excerpt the following:

Memorial Day has come and gone. The fields of oratory, ornate and pyrotechnic, had been embellished with the heliotrope of fancy, the rosemary of remembrance, the lily of childhood trust, the bright red rose of patriotic imagery, and the rue of [illegible]

[illegible] end of the Nation to the [illegible] squadrons had been called [illegible] to the field, earth had [illegible] by word of mouth, [illegible] from Bull Run to [illegible] been described by [illegible] Penobscot to San [illegible] Puget Sound to [illegible] Alaska. [illegible] Philippines, [illegible] like a rock [illegible] Sherman [illegible]

But now the hands are mute, the flowers have faded, the orators' lips are dumb.

Not in all the length and breadth of this land was there a Memorial Day orator to glory in Liberty's holy triumph in the Civil War, and at the same time to point in sadness to her downfall today.

Not among all those Memorial Day orators was there one to lift his voice in warning, and to show how this Nation is slowly but surely drifting away from the glorious path of light she trod in former years.

Not in all that long list of pyrotechnic pleaders was there one to appeal to the old Veterans, and to all his hearers, to use the freeman's weapon of the ballot to bring the Nation back again to the place those veterans had won for her by their bullets.

Not one.

They rather blaspheme the sacred day and slandered the men they thought to flatter, when they parallel[illegible] the unrighteous deeds of the [illegible] within the past [illegible]

Ukiah Promotion Club

Ukiah now has a Citizens Promotion Club, with J. H. Barker as president, W. H. Chessall vice-president and T. J. Weldon secretary. The organization was effected last Friday night and many of the leading citizens are already members. The object of the organization is to promote the interests of our city. One of the first things to be undertaken will be to secure a shorter and easier road to Anderson valley. There is plenty of work for the club to do and we hope they will tackle it with vim and determination.

Death of Mrs. Dennis

Mrs. Amos Dennis died at her home at Buck Mountain beyond Covelo last Friday very suddenly. Death was caused by the bursting of blood vessels in the head. The funeral took place Sunday, the interment being at Covelo.
